THE VOICE OF PROBUS IN THE WEST

## WELCOME TO THE JANUARY 2026 EDITION of NEWS and NOTES

Let us start the New Year with a positive and confident outlook for our WA Probud family. Yes, there are challenges ahead, but with a little goodwill, common sense, and shared effort, these challenges can be successfully overcome. Probud has always thrived on the willingness of members to contribute, and that spirit remains our greatest strength.

At this time of year, many Clubs are focused on finding enthusiastic members to join their Management Committees and help shape the future of their Club. It is important to remember that these roles are not onerous. After all, we are running a seniors' social club—not BHP. Committee positions should never be seen as complex, intimidating, or overly rules-bound. Keeping things simple, practical, and relaxed is the key to encouraging more members to step forward and have a go.

To support Clubs in this area, PAWA will again be holding its Building Better Clubs Workshops during the year. These sessions are valuable not only for Management Committee members but for all Club members who want to better understand how their Club operates and how they can contribute in a meaningful way. Knowledge builds confidence, and confidence builds participation.

As always, Clubs are also looking for new members—and PAWA is no different. People join Probud Clubs because they offer fun, friendship, fellowship (and food). Word of mouth remains the most effective form of promotion, supported by being visible in the community through outings and activities. When people see the Probud name in action, they often think, "That looks interesting."

Looking ahead, PAWA, together with PSPL, has plans to assist our WA Probud family with membership drives over the next three to ten months. We will also be working collaboratively on establishing new Clubs, ensuring that Probud in Western Australia continues to grow, adapt, and prosper in the years ahead.

I would also like to remind you that the PAWA AGM will be held at the end of March and we encourage your Club to send delegates. You will have the opportunity to hear and comment on some of the initiatives being considered by PAWA for this coming year.

***Ralph Sirmulis, President***

## PAWA COMMITTEE NEEDS MORE MEMBERS

**The Probus Association of Western Australia (PAWA) plays an important and enduring role in representing, supporting and advising Probus Clubs within Western Australia. For more than 41 years, PAWA has acted on behalf of WA Clubs, providing guidance, sharing information and advocating for the interests of our Probus community so that Clubs can focus on friendship, fellowship and fun.**

PAWA's effectiveness depends entirely on the active involvement of volunteers from our Clubs. Each WA Probus Club is entitled to have up to **two members** on the PAWA Committee, ensuring broad representation and a genuine voice for Clubs across the State. This structure allows ideas, concerns and experiences from individual Clubs to be shared and addressed for the benefit of the whole WA Probus family.

Committee roles are voluntary and collaborative. They are not about titles or status, but about contributing time, experience and ideas to help ensure that Probus in WA continues to thrive. Serving on the Committee offers an opportunity to give back, broaden networks and play a part in shaping the future direction of Probus in our State.

However, PAWA faces a serious challenge. Without additional Committee members, the Association will more than likely be forced to fold after 41 years of service. This would leave WA Probus Clubs without a state-based body dedicated to representing their interests.

We therefore ask Clubs and individual members to consider giving a little of their time and ideas for the benefit of the WA Probus family. Your involvement can make a real difference and help ensure PAWA continues to serve WA Probus Clubs well into the future.

***We work as a team so come and join our team.***

## PAWA STRATEGIC PLANNING – SHAPING OUR FUTURE TOGETHER

PAWA has commenced preparation of a new Strategic Plan to guide our Association over the next two to three years. This planning process is timely and important, as it will help ensure that PAWA continues to effectively represent, support and advocate for the interests of our WA Probud family of Clubs in a changing environment.

Central to this process is the input of our member Clubs. PAWA exists because of, and for, WA Probud Clubs, and it is essential that our future direction reflects your views, experiences and expectations.

We want to hear what you believe PAWA does well, where it could improve, what it should be focusing on, and how together we can best secure a strong and sustainable future for Probud in Western Australia.

To support this consultation, PAWA is proposing to host an online forum via Zoom, tentatively planned for late February. It is envisaged that this will be an interactive Q&A-style session, giving every attendee the opportunity to contribute to the discussion. The forum will provide a relaxed and inclusive environment for open dialogue about PAWA's current role, its future priorities, and the collective aspirations of our Clubs.

We encourage Clubs to consider participating in this important initiative. **Your voice matters, and your ideas will help shape the direction PAWA takes on behalf of all WA Probud members.**

If you or members of your Club are interested in taking part, please advise President Ralph of your interest at [PAWAPresident@gmail.com](mailto:PAWAPresident@gmail.com).

**CLUB DIRECTORY.** It is important that when your Club appoints members to your Club's Management Committee, or makes any changes to meeting venues, dates, or times, that PAWA is advised of these updates, as well as PSPL. Keeping both organisations informed ensures that accurate and up-to-date information is available to support our WA Probus family.

Unfortunately, PSPL does not share Club information with PAWA. As a result, PAWA relies directly on Clubs to provide these details so that our records remain current. This information is essential for maintaining the WA Probus Club Directory, which PAWA publishes twice each year and which is widely used by Clubs, members, and prospective members across the State.

Timely notification of changes helps PAWA to communicate effectively, provide appropriate support, and ensure that Clubs are accurately represented. We therefore ask Clubs to make this simple notification part of their normal administrative process whenever changes occur.

Your cooperation in this matter is greatly appreciated and assists PAWA in continuing to serve and support all WA Probus Clubs effectively.

**Thornlie Probus Club wish to share this article: Comfort Quilts against Cancer.** Contact for a visit or guest speaker. [comfortquilts.org.au](http://comfortquilts.org.au)

In 2011, the founder and CEO of Comfort Quilts Against Cancer, Bronwyn Dunn, lost a dear friend Monica to breast cancer.

Bronwyn wanted to find a way to honour Monica's memory and as both were passionate crafters it felt natural for Bronwyn to commemorate her memory by starting a quilting charity.

In January 2012 Comfort Quilts Against Cancer was launched and three months later on the anniversary of her friend's death, the first quilt was gifted.

As demand grew quilts are now sent to anyone nominated who is undergoing the journey of recovery from any type of cancer. There are no limits on gender, age, or the location of the receiver, we deliver everywhere within Australia. As of the end of 2024 over 5,000 quilts have been sent to recipients.

We know they are appreciated for assisting in the wellbeing of the recipient and we provide care packages, free of charge.

Our motto is: **"Piece by piece we aim to make an impact."**
